### **Subscriptions:**

Children come in every week for their classes (30-45 minutes), see table. (Young) adults can also take 45 minutes every 2 weeks,

The first month calculated from the date the intake session took place, counts as an additional trial period (holiday periods not included). During this period, you can quit the subscription at any moment. After this month a one-month notice in advance will be compulsory.

Payment of subscription fees must be received no later than the 5th of the month in which lessons take place. Correction of the tuition fees will be charged or refunded subsequently in the following monthly period.

Please note: tuition fees that are not paid on time will be increased by 10 euros administration fees per incident.

No lessons are scheduled during Christmas holidays (2 weeks) and during the summer holidays, based on school holiday periods for this particular region. Private holidays: please send a notification at least 2 weeks in advance to avoid being charged for lessons which have not been consumed.

### **Multiple tickets:**

A ticket can represent 5, 6 or 10 lessons. The card remains valid up to 2 years at a maximum from the date of purchase. Payment is due in advance or immediately after consummation of the first session in order to avoid being charged a higher fee for a single session. Holiday breaks do not apply. The sessions will be scheduled in advance over a stretch of time upon which both teacher and student have agreed.

**Group lessons** to 2 people or more are certainly possible. Please make an inquiry about terms and conditions.

**How to cancel or catch up on lessons:**

**Subscriptions:**

If you send a notification at least 24 hours before the actual lesson, it is possible to reschedule the lesson to a new date in that same period. The student is not allowed to catch up the lesson during the following week, unless the lesson has been cancelled by the teacher.

**Tickets:**

Rescheduling a lesson is possible if cancellation occurs at least 24 hours in advance. Lessons cancelled by the teacher – for whatever reason- will always be replaced or refunded.

**Single sessions (not in a subscription or multiple ticket):**

In case of a cancellation less than 24 hours before the start of the lesson, the student owes the full tuition fee.

In case of a short notice (on the day itself), Please, do use Whatsapp, Signal or make a phone call . **Do not leave a voicemail.** Voicemail messages should be sent at least 24 hours in advance

**Administration costs for schedule changes.**

It is okay to make alterations in the schedule as long as it is leaves more than 24 hours before the planned session will take place.
